PROFESSIONAL, FLEXIBLE, EXPERT SAFETY SOLUTIONS

SMG IS A FULL-SERVICE PROVIDER OF ENVIRONMENTAL, HEALTH AND SAFETY (EHS) SERVICES

With headquarters in Indianapolis, SMG's team of experienced EHS professionals are located across the United States and ready to take on your next project.

FLEXIBLE OPTIONS FOR WORKING WITH US

ProSolutions

SMG's ProSolutions team operates as an extension of your team to build, implement, and manage your EHS program. ProSolutions provides you with full-time, dedicated safety advisors onsite.

Insights

SMG advisors blend technical expertise with real world experience to thoroughly analyze your business' needs, structure, and operations - then develop a custom-tailored roadmap to achieve your operational goals. Insights services include assessments, gap analyses, surveys, observations and more.

OnDemand

SMG OnDemand gives you access to our full scope of expertise and advisors in a part-time, as-needed basis.

Risk Control Services

SMG assists in building your risk management plan, identifying system and operational gaps, exposures and compliance issues, and creates a mitigation strategy to run a safer operation. We have the professional resources, technology and systems to reduce loss exposure and improve your safety execution.

REDUCE SAFETY INCIDENTS. SUPPORT SUSTAINABLE OPERATIONS. ELEVATE YOUR EHS PROGRAM.

**Rely on SMG for the knowledge
you need to comply.**

SMG is a team of more than 300 experts working nationwide and offering more than 15 different types of safety certifications. We are dedicated to learning more about your organization every day and continuing to grow our knowledge alongside the ever-evolving regulatory climate.
